

Spartacus Training

Day 10

Lets build .

This is the web application we are going to code .

<https://www.figma.com/file/RlxZSXjIqJfRNnk3HWV8L/Header-footer?node-id=1%3A2>

Spartacus docs site: <https://sap.github.io/spartacus/index.html>

Lets get familiar with the design first.

Specifications.

Spartacus 3.0

Scss

Node and npm versions can be any. Need to support Spartacus.

What we going to target.

Header.

Footer.

For both mobile and Desktop.

The image features a dark blue background with four decorative geometric patterns in the corners. The top-right corner has a teal diamond grid pattern. The bottom-left corner has a teal stepped line pattern. The bottom-right corner has a teal zigzag line pattern. The top-left corner is empty.

Thank you !
